

Regina Weavers and Spinners Guild Covid 19 Safety Policy - September 2020

- 1. We will be limiting our attendance to 25 people, which is the room's current maximum. We will set up the room theater style rather than around tables in order to maximize our allowed attendance and still maintain proper distancing. We will work on a plan to allow those not attending the meetings in person to still access the meetings online. A survey will be sent out in the week before the meeting to ensure that no more than 25 people plan to attend.**
- 2. Masks will be required since social distancing may not always be possible. Disposable masks will be available to members, but everyone is encouraged to bring and wear a reusable fabric mask.**
- 3. Everyone must use hand sanitizer when they arrive and if they touch any shared objects.**
- 4. Use of shared objects in the meetings will be discouraged and very limited. Show and tell will run so that people may see presented items but these items will not be passed around.**
